Career Objective

To secure a position as a MERN Stack Developer where I can apply my skills in full-stack development and contribute to impactful real-world projects, while growing as a team-oriented and performance-driven professional.

Professional Experience

MERN Stack Developer Intern – Digipodium
Mar 2025 – May 2025 | Remote

- Developed full-stack applications with React.js, Node.js & MongoDB; built responsive UI components.
- Gained experience with Git, Vercel, REST APIs, and UI optimization.

MERN Stack Developer – Code Crafter Web Solutions
Aug 2025 – Present | Lucknow, UP

- Working on real-world MERN stack projects; developing and optimizing web applications.
- Gaining hands-on experience in Git workflows, deployment, and team collaboration.

Technical Skills

Languages: JavaScript, JAVA, HTML, CSS, C
Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS
Database: MongoDB
Tools & Platforms: Git, GitHub, Vercel, Thunder Client

Projects

CyberAware – Cybercrime Awareness Web App
Built a MERN stack app to spread cybercrime awareness in Uttar Pradesh.
Responsive React UI, secure Node backend, deployed on Vercel.

Ashaali Hospital – Appointment Slot Booking Website
Created a MERN-based hospital site for real-time doctor slot booking.
Responsive UI with secure backend and smooth booking flow.
